

# Traslagares Sauvignon Blanc

Traslagares

As a reward for the continuous and passionate care of our vineyards located in the core of the Denomination of Rueda fields, we obtain a grape of excellent quality from which the Sauvignon Blanc is elaborated.

After a meticulous process of elaboration combining both tradition and modern technology, which is an essential aspect for the Sauvignon Blanc, we can offer you a bright, nice and surprising wine.

## *Tasting notes*

The Traslagares Sauvignon Blanc presents a pale yellow colour with a characteristic steely nuance, clean and bright.

The nose is fresh, subtle, mineral, and quite varietal. It promises a complex floral mouth with touches of tropical fruits of agreeable palate and persistence.

## *Suggestions*

Sauvignon Blanc is ideal for pasta and rice based dishes, fish and seafood, but also for agreeable gatherings or for a moment of rest.

Best served at between 8°C and 10°C
